# The Foodstation Principle

Our concept is similar to that of food trucks, but stands out through **greater flexibility, lower costs and faster service.**

Each foodstation provides **up to 150 servings per hour** and focuses on a single dish only. This ensures top quality and efficient processes. The continuous, and practically unlimited supply, from the foodstations is guaranteed by a **backstage kitchen** that can be installed at no additional costs.

## Event packages

Guests	Number of foodstations
75 - 100	3 Foodstations
100 - 200	4 Foodstations
200 - 300	5 Foodstations
from 300	+1 foodstation per 150 guests
